**CLOSING SATURDAY.**

The One-Third Off Sale at Houseman, Donnelly & Jones.

Saturday night the greatest clothing sale of the season—the one-third off at Houseman, Donnelly & Jones' clothes. The public has not been slow to see a point in this midsummer sale and the result has been that for a time at least, nearly everybody in Kent county will be wearing clothing bought at this one-third off sale of Houseman, Donnelly & Jones. Every now and then special sales of clothing are announced, but all such clothing is manufactured outside of Grand Rapids, while everything sold by Houseman, Donnelly & Jones is cut and made in their stores, which ensures it being the latest in style and of the best workmanship. This one-third off sale of clothing does not include any goods made by the sweating process, a fact that every purchaser should bear in mind in buying clothing. The firm is well satisfied with the midsummer sale and it is equally true that those who have patronized are satisfied—satisfied as to quality of goods, and more than satisfied with the price paid. Remember that Saturday closes the one-third off sale, and those contemplating purchasing should not forget the date.

**That Mysterious Chamber.**

Reed's lake possesses one of the most unique and puzzling places of entertainment to be found at any resort, east or west. It is contained in the handsome structure in the pavilion grounds which is called the "Mysterious Chamber." It consists of a limitless expanse of broad halls and spacious apartments which form a vast crystal labyrinth into which one may wander for interminable distances. It illustrates one of the most marvelous facts of science and deserves the patronage of the refined and educated classes as well as the seekers after recreation and wonders.

The veteran and genial landlord, Dr. Cogswell, is managing the popular resort this year and has transformed the place into a fully equipped and thoroughly first-class resort hotel.

The airy rooms, delightful halls and parlors and the broad, breezy verandas of the pleasant old club house are thronged with delighted and happy guests and merry laughter and the prattle of children mingle with the songs of birds and breezes and make haste the sultry summer days.

The broad expanse of lawn, the cool refreshing groves and the delightful inland lake all unite to make Fiske lake an ideal place for rest and recreation.

The table is supplied with fish, which abound in the lake, and all the delicacies of the season. Neither Atlantic City nor Coney Island nor Mackinac are in it with Fiske lake when comfort and pleasure are in view.

**The Kansas Crop of '92.**

Never in the history of Kansas has that state had such bountiful crops as this year. The farmers cannot get enough hands to harvest the great crop, and the Santa Fe Railroad has made special rates from Kansas City and other Missouri River towns, to induce harvest hands to go into the state.

The wheat crop of the state will be from sixty to eighty-five million bushels, and the quality is high. The grass crop is made, and is a very large one; the early potatoes, rye, barley and oat crops are made, and are all large. The weather has been propitious for corn, and it is the cleanest, best looking corn to be found in the country and the quality is high. Cheap rates will be made from Chicago, St. Louis and all points on the Santa Fe east of the Missouri River, to all Kansas points, on August 30 and September 27, and these excursions will give a chance for eastern farmers to see what the great Summer State can do. A good map of Kansas will be mailed free upon application to Jno. J. Byrne, 723 Monmouth Block, Chicago, Ill., together with reliable statistics and information about Kansas lands.

## FOR CHILDREN OF ALL AGES

The Safest Way to Eat in This Hot Weather.

People Suffer, Not From Heat, But From Improper Food.

A Simple Suggestion That Will Make Life Happier in Vacation Hours.

People don't suffer in the summer from the heat, but from improper food and indigestion.

"Did you ever notice," says a writer in one of the magazines this month, that in nice cases out of ten, when a man has been taken home from his work, having fallen with what is termed 'sunstroke,' his wife remembers that he had been complaining of some stomach trouble?"

Food is "improper" that fails to supply the system with what Doctor Gull aptly calls "the raw material of the blood."

The child who is trying to play all day in this vacation time and complains of headache, or cannot sleep, or, in spite of the out-door air and plenty of exercise, is pale and languid, or has no appetite at breakfast, and is fussy and irritable—that child is very numerous.

And the cause—The child needs better food, food that will give nourishment to the brain and the nervous system and the muscles; food that contains the elements of nourishment, and repairs the waste that always goes on.

At night, just before bedtime, give the child or the invalid a glassful of lactated food. It makes a delicious drink; it contains all the vigorous appetite for breakfast, a clear head and ambition and good spirits.

The overworked business man and the woman who feels "tired," any person who is out of sorts in this hot weather, should follow this suggestion, and drink a glassful of lactated food at night before retiring.

Lactated food is the proper nourishment for children of all ages, in the summer. It keeps the baby well, gives health to the child, brings strength and vigor to the middle-aged, and is a diet for the old folks. It is not a medicine and it is not a secret mixture. It is a pure food, safe, simple and invaluable for infants and invalids. Physicians all recommend it, nurses use it, and it is a long and well-trying diet in nursing and for the aged and infirm. It is good.

**Smoked Meat Sale.**

Commencing this morning the Western Beef company will inaugurate the greatest smoked and dried meat sale that has ever taken place in this city. The sale will comprise dried and smoked meats of every kind and various special lines. It will be conducted regardless of the cost of the goods and the prices made will be far below wholesale cost. The stock is the largest and finest the city contains, and the public, who are fully aware of this fact, will be quick to seek bargains early in the sale. This will be the event of the year in meat sales of the city, and all competitors are anxiously awaiting its termination. The sale closes Saturday night at 10 o'clock.

**"Royal Ruby" Port Wine.**

No good thing should be outlawed because here and there a graceless person treats it badly. It is just as necessary to administer invigorants to the aged and feeble as it is to strengthen a dwelling that is beginning to decay. Not only may life be greatly prolonged by artificial support, but the declining years of those who are dear to us be rendered more comfortable, and age relieved of many of its usual pains and

penalties by a judicious use of "Royal Ruby" Port Wine; each bottle is guaranteed by the undersigned to be absolutely pure and over five years old at bottling, or money paid for it will be refunded.
